Sir:

SUPPLEMENTAL DECLARATION BY ASSIGNEE
ON BEHALF OF DARREN J. DAUGHERTY AND PAUL A. LANGER

I, Phil Franklin, Vice President of the Assignee of the above-captioned application, hereby declare that:

The following statements are made on information and belief that such statements are true:

Darren J. Daugherty and Paul A. Langer are joint inventors, with others, of the subject matter claimed in the above-captioned patent application. The other joint inventors are Monty F. Webb; Kurt A. Wattlelet and Dennis M. McCoy.

Darren J. Daugherty and Paul A. Langer either cannot be reached or refuse to sign a

supplemental declaration.

Attached hereto is a copy of an assignment document in which all right, title and interest in the above-captioned invention was assigned by Darren J. Daugherty and Paul A. Langer to their employer, Teccor Electronics.

On or about September 30, 2004, a letter enclosing a supplemental declaration was sent to the last known address of Paul A. Langer, namely 1808 Cedar Tree Drive, Fort Worth, Texas 76131. No response was received. Based on uncorroborated information, Paul A. Langer moved to the Midwest without leaving any forwarding address with Teccor Electronics. Attempts were made to find the new address of Paul A. Langer, but such attempts were fruitless.

On or about September 30, 2004, a letter enclosing a supplemental declaration was sent to the last known address of Darren J. Daugherty, namely 36 Cutler Street, Morristown, New Jersey 07960. This is the last known address known by Teccor Electronics. Again on October 29, 2004, a letter and supplemental declaration were sent to Darren J. Daugherty at the same address via Federal Express, requesting a signature. The Federal Express letter was delivered on November 1, 2004, but no signed supplemental declaration was ever received by Teccor Electronics.

I believe that the inventors named herein are the original and first inventors of the subject matter which is claimed and for which a patent is sought on the invention, design or discovery entitled: PRIMARY TELEPHONE LINE PROTECTOR WITH FAILSAFE, the specification of which was filed January 11, 2000, as United States Application Number 09/481,446.

I believe that the subject matter of the amendments identified below was part of invention of Darren J. Daugherty and Paul A. Langer, and the other joint inventors identified above, and was invented by them before the filing date of the above-identified original application, for such invention;

- 1) Amendment and Response - dated November 17, 2003; and
- 2) Amendment and Response - dated May 6, 2004.

I believe that the inventors have reviewed and understand the contents of the above identified specification, including the claims, as amended by the amendment specifically referred to above; and that they acknowledge the duty to disclose to the U. S. Patent and Trademark Office all information known to them which is material to patentability as defined in 37 C.F.R. § 1.56.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
